

Fener Construction Co. Ltd. which was founded in Antalya carries different construction projects, since its foundation in 2000. In addition to our fundamental role as main contractor, we are also creating architectural and engineering solutions for turnkey projects.

Since founded, we have expanded by having branches in Iraq and Russia.

We believe that, the foundation of our success lies both in our professional method of approach and commitment to understanding and meeting our clients' requirements by ensuring quality and confidence.
